Ogden, Tuesday, June 8.

ASK REMOVAL
OF H. H. THOMAS

Mass Meeting Appeals to Governor for Discharge of Superintendent of School.

According to the statements made at the mass meeting yesterday afternoon at the meeting held by the club women of Ogden to investigate the conditions at the state industrial school, the state is about to hear a scandal that has eclipsed any thing in the history of the state for many years. Charges have been preferred against Superintendent H. H. Thomas and will be presented to Governor William Spry, together with a resolution asking for the removal of Superintendent Thomas.

If the charges are proved true that were made by ex-employees of the institution, who also furnished letters written by the

Marvelous Prescription For
All Stomach Distress.

Rejoice and be glad ye army of nervous wrecks and dyspeptics. No more will you need to exclaim in that hopeless tone, "Oh, my poor old stomach."

For F. C. Schramm has a prescription that turns old stomachs into sweet ones in a week.

There's happy days ahead for you and for your poor old flabby, tired old stomach if you just won't be obstinate. Just go to F. C. Schramm today, lay down 50 cents and say I want a box of M-I-N-A tablets made from the most successful prescriptions for indigestion, catarrh of the stomach and all stomach distress the medical profession has ever known.

And just take one or two tablets with or after meals for a few days and then if you don't agree with us that M-I-N-A is a marvelous prescription tell F. C. Schramm and he will give you your money back. We'll leave it to your sense of fairness whether that's a square deal or not.

M-I-N-A tablets promptly relieve belching, heaviness, pain in stomach, heartburn, sour stomach, foul breath, and coated tongue. Give them a trial and chuckle with pleasure. M-I-N-A is sold by leading druggists everywhere.

HYOMEI

Cures catarrh or money back. Just breathe in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

inmates, it is very probable that the district attorney will be asked to prosecute Thomas upon serious charges. The charges as were made substantiate those that were made to press representatives some months ago, but which could not be investigated at the time, as the school was under quarantine for scarlet fever.

The meeting was attended by about sixty men and women prominent in club circles of the city, and a great deal of feeling was exhibited against those in charge of the reform school. Mrs. Kate Hillard presided, and the several speakers included former employees of the institution, as well as prominent club women of the city.

At the conclusion of the meeting the following resolutions were drawn up for presentation to Governor Spry: "Resolved, That the citizens of Ogden, held June 7, in the Weber Stake academy, it was voted to request you to remove H. H. Thomas from the superintendency of the state industrial school because of manifest unfitness. The committee appointed by the meeting stands ready to present the evidence in its fullest and attached to this are statements signed by Mrs. D. T. Tracy, Mrs. Jackson and Mrs. Holstead for your consideration, which the committee feels fully demonstrates Mr. Thomas' unfitness."

"RES. J. M. BISHOP
"MRS. KATE HILLARD
"REV. N. S. ELDERKIN."

The resolution was passed as a substitute for a motion that called for the immediate removal of Thomas.

Among the speakers at the meeting were H. H. Scott, employed for many months at the school as instructor in manual training. He told a straightforward story and did not show any animosity. He first told of the very poor food given the inmates and the poor sanitation. In punishing children, Mr. Scott told the evidence that all punishing was done under the direction of Superintendent Thomas. He also told of the case of David Buck, a young boy who died at the school. He said that when Buck was sick with the evidence that he tore his bedclothes while out of his head. The boy was punished for this and died shortly afterwards. Scott said that the very good boy and did not cause much trouble.

In speaking of graft at the school, Scott stated that he did carpenter work for three weeks on Thomas' residence in the city and was paid for it with a salary at the school.

Mrs. D. T. Tracy, former matron of the girls' cottage, told of the brutal treatment of the girls by Superintendent Thomas; also of his asking them questions that only showed the depravity of the man. She related one case of many where the girls would attempt suicide rather than live at the school. The most recent case, she said, occurred Sunday, when one of the girls got them and attempted to take her life by cutting her throat with scissors.

Blair, formerly employed as carpenter at the institution, told of the brutal whipping of small boys by burly employees at the school.

The committee of three from the mass meeting met Governor William Spry last evening, who was in the city to meet former Governor Buchtel of Colorado, and presented the resolutions and letters from the meeting. The governor took the papers and stated he would give them careful consideration when he returned to Salt Lake City, and would take such action as he deemed proper.

FLOODS DELAY ALL
TRAINS FROM EAST

(Special to The Herald.)

Ogden, June 7.—On account of high water in Weber canyon as well as at other points along the Union Pacific Railroad all trains from the east were from six to eight hours late arriving in Ogden tonight. While no serious trouble has been encountered, great caution has been observed and all trains are running on a slow schedule. The Los Angeles Limited train from Chicago, due at 6:30 p. m., will not arrive until 1

o'clock in the morning. All other trains were running on about the same schedule.

The Overland Limited train from the west, due in Ogden at 3:30 p. m. this afternoon, was five hours late. The cause of the delay was at Winnemucca, Nev., where a big sulphur warehouse which lay close to the track had burned and destroyed several hundred feet of track. As the sulphur burned several loads of burning and the heat from the same had twisted the rails out of shape, the Southern Pacific had to have a shoe-fly track built around the fire.

New Liquor Ordinance.

Ogden City is to have a new liquor ordinance that will be almost identical with the Salt Lake ordinance adopted a few weeks ago. The new ordinance was introduced at a session of the council last evening. It is the same as the Salt Lake ordinance in regard to the closing hours, wine rooms and selling liquor to minors and females. The new ordinance increases all the licenses. The retail license is increased from \$20 to \$25 per quarter. The wholesale license from \$100 to \$200. The sale and retail license from \$50 to \$100. The manufacturers' license from \$100 to \$200. The manufacturers' agent license is \$300, and brokers' license \$150.

Will Contribute Probably \$3,000.

That about \$3,000 will be contributed for the G. A. R. encampment at Salt Lake by the city council of Ogden and commissioners of Weber county seems to be assured. At a session of the council last night the question of making the appropriation came before the body, but no action was taken, and a special meeting will be held on Wednesday evening to consider the appropriation. The county commissioners had the matter of making an appropriation under advisement, but undoubtedly make a favorable report next Monday.

Blind School Commencement.

The commencement exercises of the state school for the blind were held at that institution last night. They were largely attended and the program was a dress made by Governor Spry. A pleasing program was rendered by the students. Music was furnished by a blind orchestra. Miss Maud May Babcock of the board of trustees delivered the diplomas to the class.

Marriage Licenses.

Marriage licenses were issued yesterday by the county clerk to the following: Julius Cameron, Hanover, N. H., and Catherine Brown, Wrentham, N. H.; William H. Crompton of Ogden and Ida Englund of Plain City.

Ogden Briefs.

James C. Thomas has brought suit in the district court for a divorce from Letta C. Thomas upon the ground of desertion. Last evening at the Methodist church, Henry A. Buchtel, former governor of Colorado, delivered an address on Roosevelt. He was a large audience to greet Mr. Buchtel, who was introduced by Governor William Spry.

Chief of Police Thomas E. Browning left yesterday afternoon for Portland, Y., to attend the annual meeting of the National Association of Chiefs of Police. Mr. Browning will deliver an address on "What Shall We Do With the Habitual Drunkard?"

John Hester, aged 35 years, and employed in the bill-posting gang of a circus that is now billing this city, is at the Ogden general hospital suffering with a compound comminuted fracture of the left leg, which he received in a run-in with a Bingham to slip a cream pie into his pocket while unobserved by the proprietor. The details of this distressing occurrence are withheld at the earnest request of the officers of the association.

In the evening a Dutch lunch was served at the Commercial club. James Clave presided in the triple capacity of postmaster, toastmaster and roastsman. It was a dandy affair. Part of the Jensen, handicapped by a somewhat shy and retiring disposition, presented an eloquent plea for higher ideals and more dignified bearing in the newspaper profession.

Then followed a long program of toasts, notable for the intelligence and discrimination displayed in handling the various topics. One of the more momentous questions discussed was "Why drink beer when whiskey costs so much larger percentage of alcohol?"

The handsome countenance and Chesterfieldian manner of D. P. Felt were remarked upon as one of the distinct features of the occasion.

In a lucid interval the association adopted resolutions thanking Mayor Decker, W. H. Ray, W. N. Roylance, the Provo members of the association, and the Commercial club for the hospitable entertainment accorded the visitors.

Another resolution was adopted condemning the practice of the United States postoffice department in printing the home address of business firms on stamped envelopes without adequate compensation. It was contended that this creates unfair competition for job printers.

The next meeting will be held in Bingham.

DOMESTIC TRAGEDY.

Springfield, Mo., June 7.—Suspecting that his wife had made an appointment with Robert Sellers, a young business man, to meet him at a department store here, Walter W. Edgington today followed her to the store, and when he found the couple talking together in an aisle fired two bullets from a revolver into Sellers' head. Sellers probably will die. Edgington surrendered. The shooting caused a panic in the store.

HAVEMEYER TURNED TRICK.

New York, June 7.—Evidence that the late H. O. Havemeyer, formerly president of the American Sugar Refining company, issued orders by which a loan of \$1,500,000 was made to the Pennsylvania Sugar Refining company, was introduced today in the suit of the Pennsylvania company for \$300,000 damages from the American company, which it brought through the Pennsylvania company's alleged loan, the American Sugar Refining company obtained control and was enabled to discontinue the operation of the Pennsylvania company.

PITTSBURGH MEN WHIP, TAR AND FEATHER WOMAN

Pittsburgh, June 7.—Fifteen masked men took Mollie Ridge from her home in a suburb early today, striped and beat her, dressed her in tar and feathers and threw her into a stream. H. O. Wright, who was in the house with the woman, was given like treatment.

Such inconceivable apparel as tar and feathers did not apparently prevent the pair appearing before Justice McKean later in the day to swear out warrants for their ungentle callers.

As a result, five men were arrested tonight, including a brother-in-law of Wright. The woman insists other warrants will be issued. She had been warned previously several times to leave the suburb, but could not see until today why she should.

NOT A GOOD BAPTIST.

Chicago, June 7.—Professor George Burman Foster, professor of theology at the University of Chicago, was denounced as "an undesirable member of the Baptist denomination," and his withdrawal from the Baptist church and the University of Chicago was demanded by speakers at the weekly meeting of the Chicago Baptist ministers' conference here today. The criticism of Professor Foster was based on his views on religion, particularly as on his views on Jesus Christ, as expressed in his new book, "The Function of Religion."

REPUBLICAN VICTORY.

Portland, Ore., June 7.—Former United States Senator Joseph Simon (Rep.) was elected today mayor of Portland to succeed Harry Lane (Dem.). Early returns indicate a large plurality for Senator Simon over his opponents, former Circuit Judge C. M. Munly (Dem.), and H. C. Albee (Ind. Rep.).

LUMBER MILLS BURNED.

Three valleys, B. C., June 7.—The Mundy Lumber company's mills were destroyed by fire today; loss, \$250,000. The plant was a few miles west of Revelstoke. The principal proprietor was E. F. Mundy of Bradford, Pa.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 1/2 Main street, \$2.00 per year and upwards.

ICE-COLD

Tea

Is delicious and healthful in this hot weather. No drink is more refreshing and invigorating, but make it right—follow the recipe. Brewing of tea requires fresh water that has come to a furious boil, steeping five or nine minutes, then pouring the liquid of the tea leaves into another pot. Follow this simple direction, and with the addition of a small slice of lemon it makes a delicious, appetizing and cooling drink fit for the gods. But poor tea would spoil this drink. Get good tea. HEW-LETT'S, of course.

PRESS ASSOCIATION HITS
HIGH SPOTS OF PROVO

Newspaper Men Inspect Temperance Conditions and Make Investments in Fruit Lands.

(Special to The Herald.)

Provo, June 7.—Thirty members of the Utah Press association ran the gamut of the feeble-minded at the state mental hospital today, and were discharged as comparatively harmless. The test as to their mental condition followed their action in deciding to seek a uniform rate for legal advertising instead of following the recognized rule of all the traffic will bear. The visit to the mental hospital was interesting as a glimpse into the future for many of those present.

Immediately after arriving in Provo the newspaper men made a critical test of all the beverages kept in stock at the Commercial club to see if the prohibition precepts of this model city were being rigidly adhered to. The results of this test were eminently satisfactory and satisfactory to all concerned.

While still imbued with the spirit of this stimulating process the visitors made a careful inspection of the beautiful fruit lands lying on the east bench, and several purchased large ranches at fancy figures. It is understood they will devote their attention to peaches during most of their leisure time. Later it was learned from W. H. Ray, who engineered this feature, that most of the transactions were in the nature of options and that no real money changed hands.

The automobile trip was continued to the Hieslet hotel in Provo canyon, where a trout dinner was served. This excellent repast was slightly marred by an attempt on the part of T. L. Holman of Bingham to slip a cream pie into his pocket while unobserved by the proprietor. The details of this distressing occurrence are withheld at the earnest request of the officers of the association.

In the evening a Dutch lunch was served at the Commercial club. James Clave presided in the triple capacity of postmaster, toastmaster and roastsman. It was a dandy affair.
